TASK 1: WIREFRAMING & LOW-FIDELITY DESIGN

BACKPACK STORE

Backpack E-Commerce Mobile Application — README

OVERVIEW

A complete interactive low-fidelity wireframe prototype for a mobile e-commerce app built with React + Vite. Designed for a college UX/UI assignment, the wireframe covers six key screens at **390 × 844 px** using a strict lo-fi visual language: black outlines, white backgrounds, grey image placeholders, and monospaced typography — no colour, no gradients, no photography.

SCREENS

#	SCREEN	DESCRIPTION
01	**Home**	Search bar, promo banner, category filters, featured product cards
02	**Shop**	Product grid with All / Travel / Laptop / Hiking filter tabs and sort control
03	**Product Details**	Image placeholder, specs table, quantity selector, Add to Cart CTA
04	**Shopping Cart**	Line items with live quantity controls, order summary (subtotal + delivery + total), Checkout
05	**My Account**	Profile circle, menu items (Orders, Address, Payment, Settings), Logout
06	**Order Confirmation**	Centred checkmark, order ID #BP1025, estimated delivery date, action buttons

PROTOTYPE CONNECTIONS

Home → Shop (Shop Now)

Home → Product Details (card View)

Home → Cart (cart icon)

Home → My Account (bottom nav)

My Account → Home (Logout)

Shop → Product Details (View)

Product Details → Cart (Add to Cart)

Cart → Order Confirmation (Checkout)

Order Confirmation → Shop (Continue Shopping)

Shop → Cart (ADD button)

VIEW MODES

MODE	DESCRIPTION
Interactive	Full-size phone bezel (410 × 864 px). All screens are clickable; navigation mirrors the prototype connections. Shortcut buttons below the phone show available transitions from the current screen.

MODE	DESCRIPTION
All Screens	Figma-style horizontal canvas showing all six frames at ~51% zoom with directional arrows between screens and a connections legend at the bottom.

DESIGN CONSTRAINTS (LO-FI RULES)

PALETTE #000 · #fff · #d9d9d9 · #e8e8e8 only	TYPOGRAPHY Space Mono — monospaced, neutral
FRAME SIZE 390 × 844 px (standard mobile)	SPACING GRID 8 – 16 px
IMAGES Grey placeholder boxes [IMG]	BUTTONS Plain rectangles with black borders
FORBIDDEN Photos · gradients · shadows · colour · illustrations	ROUNDED CORNERS Profile avatar only

TECH STACK

LAYER	TOOL / VERSION
Framework	React 19
Build	Vite 8
Styling	Tailwind CSS v4
Language	TypeScript 5.7
Font	Space Mono (Google Fonts)

PROJECT STRUCTURE

```
src/
  App.tsx        — All six wireframe screens + navigation state
  index.css      — Tailwind v4 import + Space Mono font wiring
  main.tsx       — React entrypoint
index.html       — Vite HTML shell
README.md        — This document
```

GETTING STARTED

```
pnpm install     # install dependencies
pnpm dev         # start Vite dev server on $PORT (default 8443)
```

Hot reload is enabled — changes to source files reflect immediately in the preview panel.
